

Chromebooks and Westlake Christian Academy

Westlake uses 1:1 technology in grades 7-12.

That means every student in those grades uses his/her own digital device, but they all use the SAME make and model. Please carefully review the **1:1 Student and Parent/Guardian Handbook** located on WestlakeChristian.org (Quick Links / Documents / Information Technology).

Order Your Child's Chromebook

Use the special ordering site from CDW (see below) to order the

ACER 740C CHROMEBOOK which

Westlake students in grades 7-12 will be using in their classes this year and for years to come.

Be Ready for the First Day of School

When ordering you will be given the opportunity to purchase an optional protective case and an extended warranty as well, but the main thing students must have is the ACER 740C CHROMEBOOK.

We have negotiated a very good price for this device from CDW. **NOTE:** You will be purchasing the device from CDW, not Westlake. The school will not accept payment for the device, nor will you be billed by Westlake for it.

ORDER AT www.cdwg.com/westlakechristianacademy

IMPORTANT

When your Chromebook arrives, do NOT log on.

WCA will do the initial log on at the beginning of the school year to make sure it is connected to the student's official Westlake account for proper management.

Just have the device charged and bring to school on the first day of classes.
