Variable Tuition

For students entering grades K-12, Westlake offers Variable Tuition, a needs-based program for determining tuition similar to those used by many private schools, colleges, and universities. This program allows families to receive a tuition rate that is tailored to their unique financial situation. Variable Tuition makes a Westlake Christian education affordable to many qualified students who could not otherwise join our school community. Please see our web site or contact our school office for more information on how to apply for Variable Tuition.
